**MIKEN TECHNOLOGIES EARNS SONICWALL SOLUTION PROVIDER CERTIFICATION.**

**ST. LOUIS** – Miken Technologies is pleased to announce that they are a **SonicWALL Silver Solution Provider**. Miken's technical training and extensive product knowledge has earned them the Silver Partnership Level. Miken has access to affordable solutions and the SonicWALL Threat Center that provides continuous communication, feedback, and analysis regarding the nature and changing behavior of threats worldwide.

This partnership allows Miken access to the tools and solutions that deliver robust and affordable network security and data protection for their customers. Miken's 23 years of experience providing solutions that protect the resources of small and medium businesses give them an advantage when protecting networks, data and email.

St. Louis based Miken Technologies provides a comprehensive portfolio of IT Products, Services and Solutions with a commitment to our client's total satisfaction. For a complete list of our services, visit [www.Miken.net](http://www.Miken.net).
